

# A book fair, but with purpose

How to bring Seven Little Donks to your school: book fairs and classroom sets, direct from the author

Instead of a table of erasers and posters, imagine every child going home with a story about a virtue, and a guide that gets the whole family talking about it.

## Add the Donks to your book fair

Planning a book fair? Tell us your dates, the titles and how many copies you'd like, and Matt will send your school a quote.

## Order a classroom set

One book per student, so every child can take the story home. Tell us your grade levels, how many students and which book (or both).
